Administrative Offices Reorganize

Six Assistant Deans To Be Designated For 1971-72 Session

Mary Washington College Chancellor Grellet C. Simpson has announced tentative plans for a major reorganization of the Dean's office to coincide with the revision of the academic program scheduled for implementation in the 1971-72 school year.

Chancellor Simpson's proposal calls for the appointment at that time of six assistant deans. Four of the assistant deans would be appointed to administer the four areas of study outlined in the new academic program adopted last spring by the faculty.

The two additional assistant deans would represent title changes for positions already established: the Director of Summer Programs, currently held by Mrs. Laura V. Sumner; and the Director of the Counseling Center, a post now under the direction of Mrs. Mary A. K. Kelly.

The four re-aligned areas of study include literature and languages (including English, modern foreign languages, and classics); humanities (art, dance, dramatic arts and speech, music, philosophy, and religion); social sciences (economics, history, geography, political science, political economy, psychology, and sociology); and the natural sciences and mathematics (biology, chemistry, geology, mathematics and physics). The interdepartmental study programs and those departments which no longer offer major programs (education, health, physical education and recreation; and home economics) would remain under the direct supervision of the Dean.

Working under the supervision of the Dean of the College, James H. Croushore, the assistant deans would administer programs and academic counseling for those major study areas.

In seeking the suggestions and counsel of the faculty on the contemplated reorganization, Chancellor Simpson indicated that appointments would be term appointments, since it was not his desire to draw faculty personnel away from their academic studies permanently. The term, he said, would probably be for three years with the possibility of one re-appointment. This is the policy currently followed in the appointment of departmental chairmen.

Mrs. Nancy H. Mitchell Named Assistant Dean

Mrs. Nancy H. Mitchell, Associate Professor of English and a member of the Mary Washington College faculty since 1960, has been appointed Assistant Dean of the College for the 1970-71 school session.

In making the appointment, Mary Washington College Chancellor Grellet C. Simpson indicated that Mrs. Mitchell had agreed to serve in this new position for one year beginning August 1.

During the coming year, Mrs. Mitchell will assume responsibility for overall academic counseling and other related duties which were formerly undertaken by James H. Croushore, Associate Dean, who was named this spring to succeed Reginald W. Whitdon as Dean. The title of Associate Dean will be dis-

continued.

A native of Cincinnati, Mrs. Mitchell holds a B. A. in English from Swarthmore College, and has earned an M. A. at Yale University and a Ph. D. from Catholic University.

She first taught at the College during the second semester of the 1957-58 session and again during the first semester of the following year. She also taught during the 1959 summer term before assuming a full-time position in the fall of 1960.

In addition, she has taught at James Monroe High School in Frederickburg, the Quantico Post High School, and in Stafford County. Her husband, Sidney H. Mitchell, is a Professor of English at Mary Washington College.

Dean of Students, Director of Student Affairs Are Combined

A merger of the Dean of Students Office and the Office of the Director of Student Affairs at Mary Washington marks a major reorganization of these student service offices.

The move, announced by Chancellor Simpson in July, became effective August 15, following the resignation of Mrs. Emily A. Holloway, a member of the college staff since 1948 and Director of Student Affairs since 1967.

Miss Mildred Droste, Dean of Students, has assumed the overall responsibility for the duties of both offices.

In this expanded role, the Dean of Students continues to exercise responsibility for the general residential welfare of the students, supervision of residential facilities, and health services. In addition, she has undertaken other duties formerly assumed by the Director of Student Affairs.

Aiding Miss Droste in the operation of the reorganized office are two long-time employees of the College, Mrs. Claire Talley Booker and Mrs. Ruth Willets, who have served in the Office of the Dean of Students for the past twelve years, were named administrative assistants.

Mrs. Booker has been assigned to the office of the Dean of Students, which this summer moved from George Washington Hall to Anne Fairfax Hall. She will work in the area of student housing, as well as on general and special assignments.

Mrs. Willets, who formerly served as secretary to the Director of Student Affairs in Am Carter Lee Hall, remains in that office and has assumed the responsibilities for scheduling and implementing student-related activities. This office will also be responsible for the issuance of student identification cards, automobile registration and the sale and distribution of concert tickets.

In another organizational change, the Chancellor named Mrs. Selma Shelton, formerly manager of the Campus Shop, to the position of Housekeeping Supervisor for residence halls. In this post, she is responsible for overseeing the maintenance and upkeep of the residential halls. Named manager of the Campus Shop was Mrs. Mary Lee Carter, who had served as assistant manager under Mrs. Shelton.

Admissions Gears Up For the 70's

With the addition of two more admissions counselors, the Mary Washington College Admissions Office is making plans for an intensive and expanded high school visitation program during the 1970-71 school session.

Named a full-time admissions counselor during the summer was Miss Diane-Louise Kenney, a 1970 graduate of William Smith College. In addition, Mrs. Barbara B. Powell, a 1970 graduate of Mary Washington College, who was named an administrative assistant in the Office of the Chancellor, will spend a portion of her time as an admissions counselor.

The two new appointees will join Director of Admissions A. R. Merchant and Mrs. Joanne C. Close, an admissions counselor since 1969, in visiting high schools throughout Virginia and throughout much of the east.

Miss Kenney, a native of Hartford,

Connecticut, has, as an undergraduate, been employed in the Admissions Office at William Smith. At Mary Washington she will assist Mr. Merchant with routine admissions duties and will, in addition, work with minority and disadvantaged groups, both those seeking admissions as well as those already enrolled.

Mrs. Powell, of King George, was employed in the Office of Admissions at the College from 1957 until 1966 when she resigned and entered Mary Washington as a full-time student. She was awarded her B.A. degree, with a major in Sociology, on June 7.

According to Mr. Merchant, the additional counselors will enable his office to make a concerted effort in contacting high school students in most of the Middle Atlantic and some of the New England states. In the past, only periodic visits could be made to these

areas.

He feels that increased visits to these states, where more than 70 per cent of Mary Washington's out of state students live, will be of value in making even more students aware of the programs being offered and in attracting them to the College.

As currently projected by Mr. Merchant, Miss Kenney will primarily visit high schools in Massachusetts, Connecticut, and New York; Mrs. Powell will travel to Pennsylvania, New Jersey and Delaware; and Mrs. Close will contact students in Maryland. Mr. Merchant will continue to represent Mary Washington in Virginia and will travel to the states south of the Old Dominion.

Traditionally, participation in formal College Day and Night programs and high school visits by representatives

of the College have been undertaken during the first eight weeks of the school session, usually concluding Thanksgiving. Now, however, with the expanded capability, Mr. Merchant plans to make additional visits in the late winter and early spring to talk to secondary school counselors and students nearing graduation and to those who will be rising high school seniors.

Mr. Merchant also indicated that the establishment of Mary Washington College as a coeducational institution will not require a great deal of change in admission policies or practices. The College, he said, will still seek those students who are qualified and interested—only now it will apply to males as well as females. No attempt will be made to establish quotas on the basis of sex.

Alumnae Can Assist In Admissions

Director of Admissions A. R. Merchant indicated that members of the alumnae can, and do, play a very valuable role in introducing Mary Washington College to their community.

In addition to the indirect role of serving as a quasi-representative of the College and steering interested individuals toward the College on an informal basis, they can also play a direct and active role in the visitation program.

If, for example, an alumna is able and interested in setting a schedule for a representative to visit several high schools in her community, she should contact Mr. Merchant. Last year Mrs. Sarah Armstrong Norman '48 helped schedule a very successful visit in the Dayton, Ohio, area; and for the past several years Mr. Richard S. Cross, a member of the University of Virginia Board of Visitors, has helped the Admissions Office conduct a program in the Philadelphia area.

No Political Recess Planned For College

In a memorandum to administrative officials, the executive cabinet of the Student Association, and departmental chairmen, Mary Washington Chancellor Grellet C. Simpson anticipated the question of a recess during this fall's election campaigns and stated that "the College calendar for 1970-71 as published in the current issue of the catalogue will be the basis for our schedule during the coming academic session."

The Chancellor indicated that he was sympathetic with those members of the academic community who might wish to participate in the coming election campaigns, but expressed the feeling that these persons must first assume their academic and co-curricular responsibilities before undertaking other obligations.

He did point out, however, that options are available for those who may

wish to participate and he urged that everyone at the College bear these in mind as they make their individual plans for October and November. Students who do withdraw from their classroom obligations, he added, "do so on an individual basis—with a full understanding of the responsibilities and consequences which such action will involve."

The Chancellor also noted that the majority of the colleges and universities in the country have chosen to follow a "business as usual" schedule next year.

Reunion Classes: 1916, 1921, 1926, 1931, 1936, 1941, 1946, 1951, 1956, 1961, 1966.

Archives Seeks Old Yearbooks

The College has NO copy of the *Battlefield* for 1924! Can anyone supply the new Archives with a copy and with information about a *Battlefield* for 1918, 1919, and 1920? The Archives has a *Class Book* for 1919 and for 1920. Was there also a *Battlefield* for these years? Does anyone know whether or not a *Battlefield* was published as early as 1917? The first one in the Archives is dated 1913. Helpful suggestions or donations will be greatly appreciated. Extra copies may help to preserve a complete file since Dean Alvey's research for his history of the College has discovered two of our copies have missing pages.

Barbara Aiden, Archivist

Ethel Hester Nash, Class of '14, Dies

Ethel Hester Nash '14 died Friday, September 11, at Mary Washington Hospital in Fredericksburg. She was 74.

Miss Nash, who received a bachelor of science degree from the College at the age of 19, had served as a member of the Alumnae Association Board of Directors until earlier this year when her four year term expired.

An educator in Fredericksburg for 42 years before retiring in 1966, Miss Nash during her career had served as president of the Department of Elementary School Principals of the National Education Association and had been a member of the Virginia Advisory Committee on Schools and Colleges and of the Virginia Coordinating Committee of Cooperative Programs in Educational Administration.

Enrollment For 1970-71 Remains Stable

Anticipated enrollment at Mary Washington College for the 1970-71 session has been placed at 2,155, approximately 30 students less than opening enrollment a year ago. Final enrollment figures will not be available until registration has been completed, probably in late September.

Of the anticipated total for the coming session, approximately 834 will be freshmen and an additional 76 will be transfer students entering Mary Washington for the first time. This compares to a freshman class of 788 a year ago—the largest freshman class in the College's history—and a transfer enrollment of 50.

Virginia residents will comprise 63 percent of the student body for the coming session, compared to 67 percent a year ago. The largest contingent of out of state students (21%) will come from the Middle Atlantic states, including New York, New Jersey, Pennsylvania, Delaware, and Maryland.

Phi Beta Kappa Chapter Gains National Approval

The Council of Phi Beta Kappa has approved a petition from the members of Phi Beta Kappa on the Mary Washington College faculty requesting permission to establish a chapter at the College.

The action came at the triennial meeting of the nation's oldest and most prestigious honorary scholastic fraternity held at Indiana University September 9-11. It is the successful culmination of an effort begun in 1964 by those members of the Mary Washington College faculty who are members of Phi Beta Kappa, and climaxes a personal goal established by Chancellor Grellet C. Simpson when he assumed leadership of the College in

1956.

Society members on the faculty will meet in the near future to initiate organization steps.

Alumnae Council Convention Scheduled for November 7th

The Mary Washington College Alumnae Association will sponsor an Alumnae Council Convention at the College on Saturday, November 7.

Although the Alumnae Council has been in existence for several years, this will be the first convention staged by the group. The theme for the session will be "What Now?" and it will offer the attending alumnae a unique opportunity to explore and discuss current issues at Mary Washington College—both educational and social, to familiarize themselves with the College today and its problems; and to voice their views.

The meeting will represent an effort to build a closer relationship between the College and the Council, which is comprised of the local chapters of the Alumnae Association. It was decided to hold the convention after a number of alumnae, answering a recent questionnaire expressed the feeling that a strong Council could help with "communication between local chapters and national, could be responsible for doing whatever is needed to get local organizations operating properly as a part of the total MWC picture, and could serve as a stepping stone to national service to the College."

Organizers urge all interested alumnae to attend the convention and they hope to have an attendance of several hundred. Voting, however, will be limited to one representative from each chapter and one from each class. It will be the responsibility of each chapter president and of each class agent

to either represent their respective group or to designate such a delegate.

The one-day affair, which will be held in Ann Carter Lee Ballroom on the campus, will get underway at 9:00 a.m. with registration and coffee.

Featured speakers during the morning general session will be Mr. Michael Houston, Assistant to the Chancellor; Mrs. Nancy Mitchell, newly named Assistant Dean; and Miss Marilyn Morgan, Executive Chairman (President) of the Student Association. They will discuss the College today and the role the alumnae can play in the development of the institution.

Following this opening session, those attending will have an opportunity to discover what is happening on the academic scene in a specific field of interest. Three informative sessions led by faculty members will be held concurrently in Combs Science Hall (classroom building for mathematics,

geology, and the natural sciences), Chandler Hall (English and psychology), and duPont Hall (the fine arts and modern foreign languages).

At the lunch, which will be served at Seabcoke Dining Hall, a faculty member or student will be seated at each table to talk with alumnae guests on a more informal basis.

The afternoon session will open with a general discussion and will provide an opportunity for those attending to ask questions and express their views. It will be followed by a final session in which the participants will be divided into smaller working groups to consider and discuss mutual problems that might arise at a local chapter level, or among class sections, etc. A resource person will be with each group who can provide information that might be needed. The entire session has been planned to end not later than 4:00 p.m.

MWC Has

New Periodical

A new student publication, *Potemkins*, will be introduced to the Mary Washington College campus this fall.

Potemkins will be a quarterly periodical dealing with current events and contemporary issues. According to Leslie S. Kraus, a senior philosophy major, who will serve as the first editor-in-chief, the publication will include articles "concerning national and international affairs, in addition to discussions concerning contemporary developments in all fields for which major programs exist at Mary Washington."

The purpose of the periodical will be to provide students and faculty members with an outlet for discourse on contemporary issues of mutual concern and to bring these issues to the attention of the College community.

Danforth Foundation Fellowships

The Danforth Foundation has announced its seventh annual Graduate Fellowships for Women competition which is designed for that group of American women whose preparation has been postponed or interrupted.

The Fellowships are open to women who hold bachelor's degrees from accredited colleges or universities in the United States and each candidate at some time in her career must have experienced a continuous break in her education of at least three years' duration. The Foundation also specifies that an applicant may not be employed as a full-time teacher or enrolled as a full-time graduate student.

The career of a typical recipient may have been interrupted by such factors as the raising of her family, personal illness, or the need for a paying job. The objective of the program is to find and develop college and secondary teachers.

Thirty-five of the Fellowships are awarded each year. Selection is made without reference to race, creed, citizenship or marital status. Candidates may or may not have begun graduate work, they may or may not have had experience in teaching. There is no age limitation, though preference will be given candidates whose programs of study call for completion by no later than age 50.

Appointment is for one year beginning September 1, 1971 and is renewable annually. The maximum award for 1971-72 will be \$3,000 plus tuition and fees, or, for beds of families, \$4,000 plus tuition and fees.

A brochure, Danforth Foundation Graduate Fellowships for Women, provides fuller information about the program and may be requested from the Director, Graduate Fellowships for Women, Danforth Foundation, 222 South Central Avenue, St. Louis, Missouri 63105.

Gifts to the Alumnae Fund from May, 1969 through June, 1970 have exceeded those of any previous year, both in number and amount. The value of 1,856 gifts received during this time was \$28,276.45. Of this sum, \$22,630.45 was received from alumnae, \$925.00 represents contributions from parents, \$812.00 was given by members of the College faculty and staff, \$678.00 was received from business and industry as matching gifts, \$1,945.00 was contributed by business and professional people in the Fredericksburg area, and \$1,288.00 was received from other friends of the College.

In addition, gifts to the Lynn Ruby Memorial Fund totalling \$2,502.10 were received and placed in a separate account until the disposition of this fund is determined. These gifts have not been added to the 1969-1970 Alumnae Fund Report but will be included in the 1970-1971 report.

Gifts to the 1969-1970 Fund exceeded the amount received during the previous year by more than \$6,000. The Alumnae Fund Committee has attributed this increase to the substantial rise in membership in the Chancellor's Circle and the Century Club, and to the gifts received for the first time from Fredericksburg area businessmen and professional people.

The Alumnae Association and the College wish to thank the many alumnae, members of the faculty and staff, parents, businessmen, corporations, professional people and other friends for their generous support during the past year. Their gifts have contributed to the continuing development of the College by providing scholarships for undergraduate students, research or study grants to faculty members, financial assistance to alumnae for graduate study, and additions to the rare book collection; and by enabling the institution to meet other needs for which state funds are not available. In addition, these gifts have enabled the Alumnae Association to expand its programs and services.

She lives at Doswell and is a close neighbor and friend of my daughter. Ann Joyce I have been spending sometime in Doswell with my daughter and Estelle has been over several times to give me injections. She is a lovely person and a wonderful nurse. I am slowly recuperating but hope to be back to normal again soon.

It seems that I can't get rid of the office of class agent, so if you girls want news of the class, please write to me. I'll do the best I can. This writing has not been easy for me this time.

Some of the girls visited Mrs. Chandler. She still is alert and perky at age 90. Also some girls visited Muriel Barber at the Nursing Home in Fredericksburg and found her in good spirits.

Since the reunion in Italy, Ettenette Broadus Moore has accepted a visit with friends in Canada and while there visited Niagara Falls, the gardens and lovely flowers throughout that area.

Love,
 Ruth

Dear Classmates:

Starting with "me" first this time, I missed our 50th class reunion this past June because of hospitalization and surgery. Ettenette Broadus Moore presided in my place at class agent. My thanks to her.

The girls who attended were Virginia Bales, Josephine Jerrell White, Charlotte Rice Weymouth, Edie Wood Rice, Edna Gibbs Hunter, Margaret Sayre Ramsey, Penning News Sale, Ettenette Broadus Moore and husband, Mack, Mary Temple Coleman Thibault and husband, Ernie. The girls report that they had a wonderful time of fellowship together. Everyone missed Alice War-

reos. Twenty, I have had letters from most of the girls and have also heard from the Tyner. I appreciate hearing from each of you and your many kind words of thoughtfulness. I also appreciate being missed and hearing the details of the reunion.

Our group especially enjoyed Mary Washington of Yesterday, when old familiar pictures were flashed on the screen.

Ettenette is fortunate to see so many old Mary Washington girls when she visits her Essex County home. She also keeps in touch with the Tyner and other classmates and passes on information to many of us.

There were many girls, just one representative from a class who sat in with our group. Little Lee Michie Behrendt (Virginia Bales knew her children at Lane

High School in Charlottesville). Bertha Scott '16, Anne Latane Ware '68, Lucy Dava '15 ('45), Louise Lewis '14, Pauline Seel Need '18, Anne Murray '25 and also two Ellis girls. It was a close group of old friends. If I have left out any names, I am sorry.

I had an invitation to the 50th wedding anniversary of Lucy Kennedy Boyle '13 and Wallace Dwyer at their home in Mineral, Virginia. How I wish I could have attended!

The girls had a picture of those attending the reunion sent to me. I appreciate it and think the likeness is excellent.

I entered the hospital May 31st, had surgery June 25th and left the hospital on Sunday, July 12th. Must tell you I had Estelle Dune May of Bowling Green, Class of '37, as one of my favorite nurses.

Able Ballard Brooks sent such a wonderful account of her activities that I am sharing it with you.

"Since I lost my husband in 1963 I have been doing some traveling as well as many things around my home. In 1969 I had a tour of the Pacific Northwest and Canada, in 1966 made a grand circle tour of seven European countries. In 1967 took a trip to the Middle East and to the Scottish Highlands. In 1968 saw our 50th state, Hawaii, in all its glory. In May of 1969 went to the Tulip Festival in Holland, Mich. and in July visited Nova Scotia and the Cape Peninsula. In December of 1969 I spent the Christmas holidays at Williamsburg, Va., which was a wonderful experience. In March, 1970 a friend and I took a Caribbean Cruise which included parts of South America since that time I've had short trips to Wintertur, Del. and Loogwood Gardens, Pa. and to Lancaster, Pa. to tour the Amish Country and the Dutch Country. Since then I've been enjoying my home and friends. Expect to spend some time this summer with my sister in Culpeper, Va. and while there to visit some former alumnae. Virginia Boles '15."

Do write to me.

Have not heard yet how many of our class attended "Homecoming." Would like to hear from some of you that did go. I was in Hawaii on a wonderful trip. Just received this sad news from Elnora Snodgrass:

"I received a severe heart attack on Jan. 6, 1970, then in the spring I went into congestive heart failure. You understand what a deep sorrow it is. Though possibly you might want me to submit this item about my husband."

He died, Dr. Clifton C. Thomas, on May 30, 1970. He had gestatorias in Virginia, Kentucky and Georgia and after he retired on Jan. 1, 1965 he was parttime assistant at Dr. Theodore Adams at First Baptist in Richmond until Dr. Adams' retirement in 1968, 1968, and then my husband assisted the new minister for another year.

Have you missed reading news from Class of '33? Have you sent any news letters? Please do.

Nancy Jones Hurrell sent an invitation to their 25th wedding anniversary on Aug. 9th. Following the celebration they will leave on a two week cruise honeymoon. She speaks of her son Jack (Dennett Guthrie Hurrell), his wife Karen, two sons, David 5'4, Andy 4'4 and seven month old daughter Allison Leigh Gordon. He is teaching a third grade in Florida where husband Billy is in the insurance business.

Ama Bradley Wedwald wrote of a trip taken in the summer to visit her daughter and son in Miami, Fla. and on to Panama to visit her mother and sister. She said she threw a few discreet kisses as they flew over Virginia. I'll bet one landed on Mary Washington.

Lacy Will Pritchard is still teaching business in Hopewell. Her eldest is back from Vietnam and working with Dupont in Martinsville. Her second son is working on his master's and "baby" daughter was graduated from William and Mary in June. Lacy says Julia Lee Boston Bartha, quite often, Julia and husband spent last Christmas in Tennessee with daughter Elizabeth and family.

It's terribly hot now and late to even mention Christmas cards but I did receive one from Anne Bradley Wedwald, Julia Boston Bartha, Louise Gordon Gordon, Lacy Will Pritchard, "Miss" Paffenbarger Hartman, and one from Creston Taylor '38.

Olle Mae Hope and I had a wonderful time at Homecoming. We especially enjoyed seeing Nellie Mae Stewart Pettit '34 and some of our classmates.

Maurice James Linhard Annett, my last letter to you was returned. Why?

Will all of you who change your address please send it to me.

My Virginia Sala Broedius was nursing a very ill mother when we were at Homecoming. Hope she is better now.

Will all of you, young ladies, be rejoicing over the arrival of a little sister to my 18 mo. old grandson, Lee John, named Kelly Lynn Uptide.

will be forthcoming in the early spring from the Homecoming Committee of the Association about this. We also hope that we can have a class get-together Friday night. Dr. Moss is being married. If anyone has an idea for a special event that we can enjoy together, please let us know.

One of our aims is to complete the file of our class. If we could have the file of the only class that has 100 per cent in this. Shall we show them what '36 is really like? We don't know where some of our classmates are. Please let us know. For Class of 1936 elsewhere in this paper. Please send addresses you know to me or to the Alumnae Office.

They would like to start a page in the Memorial Book at Spotswood in memory of the members of '36 who are deceased. This does not necessitate the giving of any classified information. A restricted gift you may make to the Alumnae Association could be credited in memory of them. Those who are deceased are:

Mildred Baker Wheeler, Katherine East, Greta Hisey Kilmarin, Ann Kemp Rosenstock, Edith Margan, Zelta Thomas, Elizabeth Weiss Morris, Vivian Woodward Flinchbaugh. If you know of others, please write Ethel Wetmore.

Bill McCallum, who is Third Vice-Chairman of the Association, is in charge of the Alumnae Council. She hopes that as many of you as possible will attend the Annual Convention at the college, Saturday, November 7. This will be a day of learning more about the college, the Association, and each other.

Let's make this truly a year that the Class of '36 will remember, and will be remembered!

The sympathy of the class goes to the family of Greta Hisey Kilmarin. Her husband wrote that Greta passed away February 16, 1969, after a two-year bout with cancer. She suffered courageously, but she never gave up. Three children and her husband survive her. The oldest daughter was a 1970 graduate of Longwood College, and is now a bride. The second, a son, is a rising sophomore at Lynchburg College. The youngest, a daughter, is a rising high school junior. Greta's husband wrote that he knows Greta would have liked to attend our reunion.

The address is: Mrs. P. C. Waverly, Va. 23880. Greta was Mrs. P. M. Kilmarin.

Ruby Lee Norris Norris is working on a Master's thesis in mathematics at the University of Richmond night school. In addition to teaching school, she has served as program chairman and president of one of the Richmond chapters of Delta Gamma Gamma. She and her husband have bought an old farmhouse on the corner of Hanover and Stafford Avenues, and have restored it into two apartments.

She was a member of Delta Gamma in 1970 is also being devoted to getting their "homeplace" in Middlesex County in ship-shape condition. They are also the proud grandparents of two little girls.

Ruth McLaine Story is a counselor in the Richmond schools. She and her husband lived in Florida for 14 years, and now have lived in Richmond for three years since the Seaboard and the Atlantic Coast Line Railways merged.

Frances Smith Martin is presently doing substitute teaching in Vienna, Va. She has a daughter who was born in July, 1969, and is now living in Fairfax. Another daughter graduated from MWC in 1968 and is teaching in Stafford and living in Fredericksburg. The third daughter is a senior in high school in the fall. Many thanks go to Marcia Martin '68, Smith's daughter, for sending in this news.

Frances Lieberman Armstrong wrote that she will be more than glad to do anything she can to help with our 35th reunion. I also heard from Vernie Blankship Knight, Lela Hitt Lane, Frances Rowe Varner, Virginia Davis Curtis, Stewart Jones, Helea Harris Lasahan, Harriet Bruce Rhodes, and phone calls were received from Frances Curtis Smith Jones, Margaret Moore Hopkins and Page Whitehead Haskley. Thirty cards were sent to alumnae living not too far from Westminster State Park, and the response was gratifying.

Louise McCallum attended our twentieth reunion, coming all the way from Milbrae, Calif. She planned to come to the 35th reunion, but could not make it. She and her husband celebrated the 35th. Her daughter, Judy, with her husband and two small children have left for Ghana for two and a half years in the Peace Corps. They spent some time in Orono and is thinking of buying a place there. We learned this through a good friend of Louise's who was at Homecoming and plans to visit Louise in Calif. in August. Just by chance we met Christine Brown

Carver, of Richmond, who is a member of the Class of 1940, and we did not know for several hours that she knew Louise. We believe this is more than a coincidence. Page Whitehead Haskley's son, Stephen, expects to receive his doctorate at the end of summer, 1971, at Cambridge University, England. Another son, William is taking second year law at the University of Virginia this summer. He is a candidate for graduated from Colby College next June. Her sister, Catherine, lives in Goodwin House, and is planning to work for a year after from cancer. Page is planning on attending our reunion.

Margaret Moore Hopkins, our class president last June and senior years, is the Admissions Director at Salisbury State College. She has worked at the college for three years. Dr. Moss dropped in to see her last year. She is planning to retire. He is his note after her reunion in 1966. "Dear Ethel, Let me thank you, and through you the others, for a most wonderful day. It was so wonderful to be with you all again, and to see what worthy women my girls have become."

I carry you all in my mind as the glorious memory of my summer year. I happy. God bless you all. Sincerely yours Gordon Moss '36. We surely hope Dr. Moss will be able to be with us next April at our 35th reunion.

Barley Sheeks husband of Edna Daniel Sheeks, and for many years a member of the faculty of Warwick High School, New Bedford, Mass., is now a professor at Westley College, Norfolk.

Catherine Brown Simpson works for the government, and also helps her husband on his farm at Mitchellville, Md. Many people in the Washington area have come to their place to pick strawberries recently while the Simpsons sold thirty cents a pound.

Frances Curtis Smith Profers is a librarian at an elementary school in Annandale. Two sons are at VPI, and she has a lovely 5 year old daughter.

Harriet Davidson and her husband moved a year ago from Hampton to a 200 year old home on the river in White Stone, Va. She has two grand-children.

Audrey Davis Smith's son married the former Bill Hulse's daughter. Audrey was recently in Texas when her daughter had a party. Audrey and her husband were in White Stone, Va. She has two grand-children.

Margerie Deament Britton's husband is William Garrett Britton. He has a twenty-one year old son.

Rebekah Edna Jenkins has the distinction of being the first graduate to receive a Bachelor of Arts degree at Mary Washington College. She has three children, and works for the Westmoreland County Welfare Department.

Elizabeth Hart Robertson has two daughters. Her husband is an electrical engineer in the Newport News Shipbuilding & Dry Dock Co.

I was so excited over seeing these girls at Westmoreland that I didn't write down any facts about our present donors, but I will do so in the next issue of the newsletter.

Next April 16th and 17th, and you'll see how much time it is to reunite.

Ethel Wetmore added some last-minute news.

We were looking for Helea Harris Lasahan and her husband to come in their camper, and missed them so much. A letter came from Helea saying that they were packed and just about ready to leave their home in Baltimore when Lou got stung by a "yellow jacket." Due to the heat and the fact that Lou was allergic to the insect, they were in the emergency room of a hospital in less than half an hour Lou had gotten stung before without any reaction, but this time was quite different. Helea was very nervous and got "desensitized" on the Saturday following our picnic. She said they were looking forward to our meeting and their trip, and she said to miss her so much. Time has certainly crept up on me!
And it is time for me again.

First, I want to publicly thank Claire
Moore Kelly and her sister Miller for
my last column. You had all the news!

Evelyn Sheeds Appleton, Kitty Pinner
Grinstead and I were the Class of '43
at Reunion. We did have a great time
with the Classes of '40 and '41 Believe
it or not, we stayed in Virginia Hall. But
the big surprise to me was a movie made
in the 40's. The movie was called "The
Names of the Men in Pictures." Many
I didn't know; but many I did. There
were scenes from May Day, 1940—the Chinese
May Day. "The Movie of Shanghai." This
was original thesis for Mrs. Mildred
Steward Hardy's '28 master's degree from
University of Wisconsin. There were Peg
Nolan Long '43, Myran Rasick Ten Eyck
'43, Penny Brea Walker '43, Ana Cook French
'43, Elizabeth Fergusson Fink '43, Ursula
Gordon Schiefelbusch '43, Bonnie Beadbro
Weiss '43, Dottie Graft and others. Rosella
Tuck Davidson '40 was May Queen. There
were a few shots of May Day 1941, "Joan
of Arc." These were mostly Jane Radford
Witzel '41, Marsh Lee Bennett Blacklock '40,
and the May Court. There were scenes of
the College Radio Programs, Ada Clement,
Millicent Greff Smith; of the May Wash-
ington Players—Leigha Keith Pappan-
dour '40, Dottie Harrington '42, June Stoll
Artunkal '41, Becky Biddlestone Shaler '42,
Dr. Charles K. Martin, Dr. Arthur Vogelbach,
and Mr. Hal Weiss! We must have this
show for our 200 Reunion in 1971.

June Foster Fry, as she reports it, "opened
and closed for the summer the June
Fry Studio and Gallery in Bloomington, Ind.
where husband, Ben Foster, is now Dean of
Graduate Library School." Two of their
five sons are married. For the summer
she was at their beach home in St. August-
ine Beach, Fla. Ben Foster says his husband
is now, "no doubt she will have her grand-
daughters again and will be looking for some
of us to drop in if we're in the area."

Also heard from Anne. Her husband was
recently promoted to supervisors of all gen-
eral services for M & T Chemical. She
is active as a member of the local Board of
Education and with Head Start. Their
daughter Ge-Anne is now a junior in college
and Peter is in high school. Anne, be
ware to get April 1970 on your calendar—
Homecoming at M&T. Maybe we could
reunion then.

I have very little news this time, I
have done little this summer. I am writing
this from the hospital. My husband
has been for 6 weeks. He had major surgery
and complications of kidney infection, pneu-
monia and collapsed lung, pleurisy and
ulcer. He has had about a dozen times and
we're mighty tired of the hospital, we
hope to go home this week (August 7).

So long for now.

I was fortunate to go with Jim
to a meeting in Colorado Springs in May.
I talked a good while with Myran Russell
Ten Eyck. She and Tom are still in Denver.

Their son Tom graduated from the Air
Force Academy and is stationed in Texas.
Their daughter is in Middlebury College,
Vermont and they have a son in high
school I'm sorry I didn't get to see her.

From time to time we receive letters
from Fran Tracey, who is associated with
the Unweaverized Fields Mission. They are
so interesting, with we could print each
and every one! Since I'm a cynic, a synopsis
will have to do. For a while now Fran has
been in Guyana, South America, most
recently in a village called Ashkallin. In
connection with her missionary work she
has been learning Wapishano so that the
Bible can be translated for the natives.
Her descriptions of the learning process
have been fascinating. One recent account
included this: "Here is an example to show
some of the problems. Dina is a certain
kind of fish poison. Add t and you change
it to say with meaning. Add a, a synonym
it is being done—Ok-a-p-a. Add 'a' to mean
go on for that purpose—Ok-a-p-a. Add 'a' to
indicate it is a declarative sentence—Ok-
a-p-a-n. Well, you get the idea. Now
I now know why she needed linguistic
training in Surinam! Fran was due home
(Brazil, for a short time) for study in
August. By the time this goes to press
she will not be back at work. Many
thanks for keeping us advised. Her address,
for anyone who wants it, is c/o Unweaver-
ized Fields Mission, Box 306, Bela-Cynwyd,

to see "Let's Get It Together" and "The

people like her and we'll be in business!

I wish you would write because I can't
fill this column without your news.

Congratulations to Ralph Wein-
berger, the new president of the Alumnae
Association. No doubt you read in the news
column that Ruby works in the technical
information department of Equal Employ-
ment Opportunities Commission. Her hus-
band, Sam, is a lawyer. They have a
lovely home in McLean (near Washington)
where they garden and fix gourmet
meals. Two other 48ers on the Alumnae
Board: Sarah Armstrong Warnan and Bette
Worsham Hawkins. Sarah and Ho have three
daughters—all doing law in Dayton,
where Sarah works as a buyer for a depart-
ment store and Ho practices law. Bette
lives in Richmond with her family (I
don't know where they are) and works as
a librarian in a private school there.

Jeannie Reimley Wiseman wrote from
San Juan to say that they are enjoying
their year of their 25-year tour there.
She was recently elected president of the
Navy Vets Club there and, as she says,
"that should make this next year simply
fly by." She is already wandering where she
will be sent next year and how long.

Do write. Just a postcard will do for
a starter. Take a minute to linger over
a morning (or evening) cup of coffee with
peas in hand and jot a few lines. My
mailbox is waiting . . . Kitty

A note to the Alumnae Office revealed
that Anne Buckles Orteig, who left after
sophomore year, is in New York (357 E.

welcomed a baby daughter this spring (Cor-
rect me if I'm wrong).

Hope to hear from you of me.

I was overwhelmed by your grand re-
sponse to all of the 26th reunion data and
am grateful to be able to tell you that some
of our classmates appear on campus—some
with husbands and children. Marcy Weather-
ly Harris planned the dinner on Friday
evening at the Holiday Inn—about 35 were
there. We enjoyed the good food and fellow-
ship and those of us who stayed in the
dorm continued our gab fest until about
3:30 a.m.

Saturday was an eventful day with activi-
ties planned by the college and more mem-
bers of our class came for the luncheon
and afternoon get-together. Unfortunately the
kies poured forth rain about 3 p.m. forcing
the scheduled Brompton lawn buff to be
held in Seawebch.

If a picture is printed with this article
you will find that less than 40 alumnae
are there. Some had to leave before the
photographer arrived. I believe Mary Cot-
tingham Warren from Illinois and Connie
Metzger Verlender from Florida came the
farthest.

We missed all of you who could not
make this Homecoming and hope you will
be able to come next year.

My husband, who is now in the States,
is just lovely as ever, the Southern beauties
is still there, and our college friends
haven't changed a bit—looks a little, but
not a pleasant person.

Now to fill you in on some of the
news which was gathered:

Nan Riter Pointer and Barbara Cable
Field were both teach at Gloucester, Mass.
Nan has planned to come, but had unex-
pected teaching duties on Sat. Nan has
been teaching for 16 years, 12 years as
Senior Class advisor. She teaches geometry
and chairman of the let-sec. Studies Dept.
She has two boys, 15 and 13. Husband,
Joe, is a farmer. Bobbie teaches French
and her husband is an attorney. She has
two daughters, 16 and 15.

this fall. Jane is 11. Bobbie and her family
have been traveling to Europe for the past
few summers—Italy, Spain and this year
France.

I mentioned Connie Metzger Verlender
again. She lives in Indianapolis, Fla. and
has been at the college for 16 years.

Her husband Joe is director of Conval-
oper Operations with Martin-Marietta in Coca
Beach, Fla.

Maggie Tarrell Dulany lives in Forest
Va. and her husband, Edw. is with Xerox
Corp. Maggie has just "retired" from being
a home ec. teacher in a jr. high for
three years. She and her husband have
a farm—about 100 acres with Angus cattle
and a dozen thoroughbreds. She was also
anticipating a trip to the Mediterranean
in June—Europe and Africa.

My husband and I have heard from Margaret
Kanes Nofstinger in Roonoke. She has five
children ranging in age from 19 to 9 months.

Her eldest, Billy, just finished his freshman
year at the University of South Carolina.
In history. Next comes Fran who will enter
Randolph-Macon this fall and she will major
in French. Then comes Margie, 13 and
Margaret, 12, the baby and I say
to them all: Margaret has taken a year

and is a member of the Chamber of Commerce

Washington, N.Y.

Think this was the first reunion Rebec-
ca McNeill Libbs has missed. I sort
of expected her to turn up at the last
minute. Her oldest son, Lee, will begin
his first year at Tufts Univ. this fall.
Her second and "Shirley" is a stage designer
and has three other children. They have
to go from teaching to teaching. I am
planned to spend about a month at Ocean
Beach, N.J. I went to see a play with Lloyd
Hiller in Ridgewood, N.J. right after we
to inform her of the "goings on" and
to show her some candid shots. Also re-
ceived a short note from Betty Gwett
Lampard of that state, but would like to
hear from Rosemary Miller who I believe
is teaching music in Mich.

A few lines from Connie Freshire Sim-
on who is now living in the Hague. Her
husband is with the American Embassy
and they have four children who are at-
tending the French school there. Con-
nie says that four years in Paris they are
completely bilingual. Juan Harris, Con-
nie reported, is in Hawaii working at the U.
of Hawaii. Mel School doing research is
microbiology in the States.

Hele Bouds Brown is in Beaumont,
Texas, and has a son and daughter. She
and her husband, Cavell, have traveled
quite a bit to visit the G. family in Spain,
Rio and Mexico City. Also in Texas—Hou-
ton—Mary Lee Keefer Wilson. She has four
children a little far to travel and they were
planned to visit G. family in a while.

They have three children 11, 9, and 1

missed out on dropping me a line still
want to, I'd love to get mail.

Just a short note. Deane Fred Schubek is an instructor in speech at the College of the Virgin Islands. This summer she was in Charlottesville working toward her Ph.D. in speech at U.Va.

Dottie Speere Decker saved the day for me this time! I received a very new letter from her so I will relate to you what she had to say.

Dottie's husband Ron was made a partner of his law firm July 1st. His office is in Stamford, Conn. He bought an old revolutionary house that Grant slept in! Imagine that for a Southern girl! They have three children, Andy 8 and Kenneth 4.

Sally French Weber lives in Evanston, Ill. and has four girls.

Alice Beasley Brown lives in Wilton, Conn. and this column brought about their reunion!

The Guests visited with Suzanne Horstman Morrow and family a couple of months ago. They live in Bethesda, Md. where Charley is a systems analyst for Bonnie Forge. Suzy sees Jane Watson Rawlings occasionally. This was quite a visit, we thought in Bethesda, Md. where storm that comes from the eastern seaboard.

Well, this about covers the correspondence. Please let's hear from some of you! It doesn't take long to jot a note to me.

Hello!

This is August as I write this. I imagine many of you are either packing or unpacking from vacation. Let us hear about some of your travels.

Beth Becker Bodnar sent a welcomed note. She, John, and 2-year-old Samantha live in Fort Washington, Pa. John is a vice president in a New York advertising agency. Barbara Shann Greenleaf visits when she is on vacation from Louisville, Ky. Beth also has a new nephew, John. Potts and her husband have done some traveling lately... Nassau, Hawaii... They love their life in Marin County, California.

Jody Tully Dean sent another newsy note. Even in Hawaii, she says, most of her time is spent chauffeuring! Her family is planning a trip to Kauai, Hawaii. She says it is the most beautiful and peaceful of all the islands. They are visiting each island as each one has a different atmosphere. Her home island is Oahu. She is dreading the cold and snow of the states, but is looking forward to seeing her Virginia friends next summer.

I talked with Elbie Bredeen McKnight when she was in Richmond. She enjoys her life in Enid, Oklahoma. She spends half her time chasing her son! Pat Ferguson visited her for a weekend. She and Larry have a 2-year-old son, John. She was very impressed. Bobbie Coway Massey is living in Houston, Texas. From the last report a large house was under construction. Most of our classmates are traveling near Enid. Elbie says to please call collect and she will have dinner ready. She would love for someone to stop by.

This must be the best summer for visits. Harriet Ayres Chamberlain stopped by one afternoon. It was so good to see her. After ten years in Texas she now talks like we all had a nice chat that Lee Geaghan, Cheshire and her family were my houseguests and Phyllis Spracher Grove had stopped by. Too, I didn't get many notes, but I saw such fun and great news. I gave me some other news—See Wright Culpeper and John are in Jacksonville. She had her first baby, a boy, in the spring. Mary Sissy Oberholser is traveling with 3 boys and 1 girl. The oldest is seven! Bernice Enbark Brieger and family are in England. They are getting ready to teach in the U.S. next year and is working the third grade in Dallas. Bert is an insurance underwriter there. She lives near Sally Boyce Sullivan and sees her fairly often.

Lois Webb Mary Lou Friedman Cooke gave a coffee for Peggy Kelly Reinberg. It was like a small reunion. Peggy had a few pieces of news—Lois Lamery is back in Virginia—retired, is still teaching on her master's degree. She heard that Lou Magette Thomas received an award for outstanding work in the Norfolk area. Let us hear from you! Peggy and Sue Elsie Mae Mixie. Love letters teaching

in the Fairfax area. Mary Jane's beautiful new colonial home was a perfect setting for twelve of us to discuss car pools, vacations at the beach, pedicures... the usual American life with syndrome.

Sandy Sheeley Burman wrote that she and Phil are living in Brookville, about 100 miles N.E. of Pittsburgh. If you're in the area, do call. Phil is an attorney for Brockway Glass Co. Sandy said Beth McCarthy Crowley is still in the Northwest where Jack is on the oil patrol. They're getting ready to move to the Puget Sound.

Lynn Edie Stephenson and her husband have three children. He is a pilot for Eastern and has an industrial engineering consulting business. They live in Miami. Lynn reports she is planning to return to graduate school.

There was an article in the spring MWC Bulletin about a project to help blind students. Braille typewriters can be purchased with S&H green stamps or Top Value value stamps. The Alumnae office would love to receive any loose stamps or books. Come in, classmates, you may not have extra money lying around, but many of you have some stamps. Thanks. (If you send them to me, I'll forward them to the project.)

*Many thanks, too, to those who have sent addresses for our missing persons list. Here are a few names: Mrs. Henriette DeSchaels Hamilton, Mrs. Charlotte Elenora Greer Christy, Dr. Carlton Ann Adams Coker, Loretta Marcelle Domine, Mrs. Susan Shiner Duff, Bonnie Lorraine Estes, Anna Mae Fowler, Theodore George Gouvis, Mildred Carter Hall, Nancy Lee Holmes, Patricia Ann Hudley, Barbara C. Hunter, Mrs. Virginia Davies Nettles Hutchinson.

Only a note from Dale Harris Leahy who reports: "We've lived in Burlington, N.C. for the past seven years where my husband Chas. and I work with Western Electric. Most of those years have been spent in bringing up our five children. Michael ('61) will start school in September. Mary Margaret (Loretta) John ('62) will begin kindergarten. Charles (4) will be in preschool, which leaves David (3) at home. I look forward to the few hours of freedom, needless to say."

Hi Gals,

I got a little jolt when I opened my mailbox and found a letter from the office of the Vice President, College of William and Mary, wondering what was coming... Needless to say, I was delighted. Mary Kathryn Schwartz told me a letter from Bill Robinson Jones who has been working as the Administrative Assistant to the V.P. since Sept. 1967. Her husband (Dr. Robinson) is a faculty member at the School of Education. Nell feels that Williamsburg is just the most perfect place to live and they have enjoyed every minute there. I hope to see them soon. They are now in a section called Queen's Lake just down the Colonial Parkway towards Yorktown, so the drive into College every day is lovely. I don't know how you manage to work too, Nell, with the new school and those two sons who have (Robbie born in April '66 and Kevin born Aug. 17, 1969), you were really a great wife. (Address: 2709 Queen's Drive, W.Burg 23189).

Nell sent word of Lloyd Tilton Backstrom who has resigned her position with IBM and is enjoying being a housewife and doing something in art. Lloyd is a member of the Fine Arts in Richmond. Tell us more. Lloydly Nell keeps in touch with Sara Ellen Flowers McKinney and Mac who just moved into a new home in Richmond. Sara Ellen is an substitute teacher and still teaches Sunday School at First Baptist Church in Richmond. Their daughter, Lynn, will be seen in September. Carolyn Crowe, Sara Ellen's sister, lives in Iowa (was one in Jan.) and son, Raj Singh, born March 18, 1970, as well as sitting up an MWC chapter in the Evanston, Illinois area. Thank you so much for your note, Nell.

My sister, Linkey Wilhelm ('63) wrote that she attended the wedding of her classmate, Lynn Lytle, and her husband, Jim, and ran into our classmate Lynne Wilcox Ruppert there! Lynne's husband, Jim, is an aerospace engineer who is teaching at a technical school. They have two daughters, Kristin who is 6 and Kathleen who is 4—both of whom have red hair! Lynne lives at 1812 First Ave., Sinali, Calif. 90605. Lynne has Betty's Freshman Counselor at MWC.

Meredith Mayer Lewis sent us the good news that they had a daughter, Amy Rose, in Nov., 1969. They left the States in July for England for at least a two year assignment.

Some notes on address changes from the Alumnae Office: Pamela Grubb Maynell is now in Tucson, Arizona. Susan Jones is in Poolville lives in Temple Terrace, Florida. Sally Smith Miller has moved from ZIP 42326 to Chevy Chase, Md.; and Jane Tye Laurson has moved from Vermont to N. Olmsted, Ohio.

The Delaware MWC Chapter lost a couple of girls from other classes due to husbands being transferred—Doris Cople Smith ('62) and Dave moved in early August to Charlotte, N.C.; and Barbara Kellam Latham ('64) and Roger moved at the same time to Parkersburg, West Va. I am sure you will see them at the Fall '70 reunion. I am looking forward to an exciting fall!... Homecoming 10th Reunion April 18-19. Start scouting around now for new members. I would love to see you! I don't hear from, maybe we can help each other find them. That's all for now.

Connie

This has been a very rewarding year for me in that I have been taking art classes, painting, teaching art classes and developing along these lines. I can now say I am getting ready for a one man art show in the fall. I have entered some art fairs, won some ribbons, and sold several of my paintings. I have really been fun. My only worry is that it is easy for me to get wrapped up in all this and forget about everything else. Bill has been busy with his new frames for me. Our two girls, Annelle and Marguerite, are little dolls (mama's opinion); Bill and I took them out to California in May to see their grandparents. Bill was out for five days in California, Mexico. We took our paints and found it was a little cumbersome getting 80 secondary oil paintings home on the plane. We don't do enjoy the trip, but I have made and have made a lot of good friends here. I noticed on my files that quite a few members of our class have moved to Illinois. I don't see all these drop me a note. Maybe we can get together for a pre-reunion.

I called Coloe Irvin Dodge who now lives in Baltimore. Coloe was vacationing with two girls, and I was in Baltimore, but I had a nice chat with my mother-in-law who told me that Doug is now the senior vice president of his bank in Baltimore.

Barbara Boss Jones is now in Nebraska where her husband is on the faculty of Nebraska Wesleyan. She has a 10-month-old boy, Robert Earl. Barbara saw Sandy Abbott and Virginia Bernard in New York. Sue Durden Ashley heard from Betty Hester too who now lives in California and has a new baby boy. I tried to call Sally Brock White in South Boston, Va. and learned that she was at all a case of intestinal trouble. West Virginia about a year ago. There was no answer at their phone in St. Albans, on vacation!

The letter from Matt McCreary Campbell was too good to leave out: "One way of bumping into a classmate when you're least expecting to is to discover that your child is on the same plane as you and hers on the other. That's how I met Judy LaRoe here at the park near where we both live in Atlanta. It was fun because I was at all a case of intestinal trouble. We just lunked onto the right subject—Mary

Washington—in a very short time. Judy & Don had just moved here from California in October. They have three children—all beautiful. I'm practically an Atlanta native after being here 7 years. Gil—our Ace is I call him—and I have a daughter, 5; and a son, two. Now Judy and I are in a rooming-house, rooming together. Also I see Sylvia Barbara Henner, who lives here occasionally.

My soph. yr. roommate Babs Buse Johnson is leaving for Europe, young daughters are going to the U.S. in July to live in Frankfurt, Germany for three years. I'll miss seeing her on my annual trips to Washington and attend seminars for the U.S. Chamber of Commerce meetings. Ace is executive vice president of Dekalb Chamber of Commerce."

It sounds as though Nancy Kelly Ellis spent the summer taking from the beach to home to water flowers, check on the dogs, and back to the beach again to hear her three little boys—ages 7-9-2. Nancy has moved to 2 North Hill Drive, Lyndfield, Mass. and would really like to hear from Sandra Jenkins Armigdale and Sarah Jordan. Her freshman roommate, Meta is teaching school in California.

My brother will be married August 9th (after this goes to print) and we are all going to Houston, Texas for the wedding. I will be in the States for a few days. It promises to be very interesting and lots of fun. Tom is marrying Adriana Salgado, a darling girl from Argentina and the two bridesmaids are coming from Mexico City. Hope I can 1 could have a brother once more from Mrs. Stephenson's Spanish class!! Times have changed girls, the bride is wearing a pant dress! Wouldn't it be fun if we could all get together at the reunion next spring? Please write to me, call or drop in!

Early in the summer I sent out a few postcards and was thrilled with the replies which resulted in some years of long lost classmates: "First to answer me was Diane Plomp Bryant who is living with her mother in New York City. Patricia Gerriero frequently. Pat was to finish up her master's in Science Education at Emory University this summer. But when the chairman of the education chapter has recently been formed in Atlanta so any of you in that area who haven't been contacted can get details from Betty at North Hills Dr., R.E., Atlanta, Ga. 30306.

Russell Hatcher Hagerly sent another news letter with lots of addresses for people to write to. He also mentioned that he learned that Nancy Gibbs is still teaching in the Washington, D.C. area, as is Jane Suenett. Nancy keeps in touch with Pamela and her husband and Jack who have two girls. Jack is a professor at Old Dominion College. Russell also mentioned that Beverly Bird Miller and Paul were blessed with a daughter about a year ago. He also mentioned that Rev. Sally Targant Berner and Bob were to move into a newly purchased house in Richmond this summer. Again, thanks for the news, Russell, and do keep it coming.

Susan Rutan Jochnik was elected Zone 4 Representative to the Board of Directors of the Alumnae Association and attended the meeting. While there she saw Kirby Friedman Levinson and her two children and Diana Lewell Sowell and her little blonde son. Susan seemed enthusiastic about her new job. She is proud of you, Susan, and good luck with it.

We had a small MWC reunion in San Diego, California on July 11th when Betty Lydie became Mrs. Peter R. Smith. Present at the reunion were Betty Lydie, Betty Allen '82 and Lynne Wilson Ruppert, who came all the way from Siml, Calif., with husband Jim and their two daughters. Needless to say we had a grand time. During the past year, Lynn has been doing substitute teaching but will go back full time this fall. Betty will remain in San Diego while Pete takes a sabbatical year in the West Pacific. In a nice long letter from Ethel Thomas Sanford I learned of a few more alumnae who are located in San Diego. Linda Taylor has moved to San Diego with her three children while her Navy husband Mickey is assigned to a submarine. Also there is Linda's MWC roomie, Eleanor Seafarer. She is married to a Navy man. Susan Ring Keith and Saylor have moved down to San Diego now as he has been assigned to a ship there. Her husband (Linda) and Stewart are 5 and 1 now. Ethel also writes that Jane Taylor Moore (Linda's sister) and Tom are in the Chicago area with their three children. Tom is with IBM. Mary Lee Tate Roberts and Pete are in the Detroit, Mich. area and have one daughter, Christine who is 14. Nancy Steele DuPre and Darryl have a 3 year old daughter, Kristin, and they have two sons, Ethel and Tom. Ethel is located in Long Beach, Calif. where he works for Starkist Foods, Inc. They have two sons, Tammy (24) and Donald (1) who is Ethel pretty busy. Good to hear from you Ethel.

Two other long lost classmates have been relocated over the summer. I finally tracked down August "Daisy" Davidson. She came through a West Point classmate of Dave's. Dave apparently left the Army about two years ago and became a stockbroker, but he is now becoming an engineer consultant. They have settled in South Carolina at the following address: 1427 Medway Road, Columbia, S.C. 29206. Via the Alumnae Office I received a letter from Linda Brownfield Thomas, graduating to get married. She has now completed her requirements and received her degree from NWC with the class of '76. To bring you up to date, Linda and her husband, Ed, are entering medical school after seven years as a Naval officer. From 1967-69 we were attached to the American Embassy, Bonn, Germany, where Linda and her husband, bilingual (German/English) nursery school and also attended the University of Bonn. While in Germany, I visited Sue Peershaw Hirsch in Stuttgart. She has a son born March 1966. (The Hirschs are now in McLean). On my return to the US we visited Elaine Calvane Clarke. Elaine's son, Tom (6) is now going to graduate. Elaine and Tom live in the Washington, D.C. area and are presently employed by Dr. Carl Clark, a clinical psychologist and Director of the Mental Health Institute's Marriage and College Life Project, a research unit. I married college life in U.S. of Florida. My work consists primarily of research and abstracting for the project. I am also doing some volunteer work in Precision farming.

Techniques (Behavior Modification) with Dr. R. S. Penypacker, Chairman of the Dept. of Psychology, U. of Florida. Earlier in the year I did some articles and dramas at a nursery school several days a week. Linda, you are a busy gal and it all sounds so fascinating. Do hope you will keep in touch now that we are up to date.

Lani St. John Rakow and Bill left Ocean-side, Calif. for their new duty station in Hawaii. Lani was constantly being asked the least and was glad to have Bill home from Vietnam again. Enjoying seeing Peggy Robert Muller '82 and Sue Luchart Halden '82 our chapter official party. Jane Jones, Betty and Dave are now stationed at Camp Pendleton, Calif. and have two children. Sue is expecting her second child this fall. Betty Robert Christian and family were headed for Mannheim, Germany for a 4-year army tour. You can write her c/o Capt. R. M. Christian, M.C. 546th General Dispensary, APO New York 0980. Susan Rutan Green writes she is helping her husband with his recently purchased drug store in Chesapeake, Va.

Still near MWC is Georgene Branch Burton who lives in Stafford County with her husband, Wayne, and three children. She works at Dahlgren Naval Weapons Laboratory as a mathematician in computer programming.

Frank and I took our two little ones on a camping trip to San Felipe, Mexico, Memorial Day weekend and had a marvelous time. Frank wore still the USMC and is presently busy in his new job with Connecticut Mutual Life in San Diego, Calif. I am taking it easy this summer and frequent the local beaches with Tracy and Mark. We are all looking forward to a trip East in late August to visit family and friends and attend my brother's wedding. I am sure you will be glad to hear from your classmates before next issue. I have a big long list from the Alumnae Office which includes Lola Bergman, Norma Sandier Brown, Vera Barban Burton, Velma Debutts Cain, Dolores Cammestander and many more (wish I could list them all). If any of you know the whereabouts of these gals, please drop me a note and let me know. I will be sure to get them next issue. Do let me hear from you before my next deadline on October 26th. See you next issue.

Hi girls:
Summer is the season for vacations and visiting former classmates for some of us. If you have had a visit with an MWC friend please sit down and write about it so we can share good times in the future issues of the Alumnae News.

Ben and I have had a visit from Barry and Linda Reading Pullen. They and daughter, Anne, age 18 months, came to see us for the 4th weekend. It's the first time our girls had been together, and our Charlotte, age 11 months, really enjoyed having a playmate. At that point Charlotte was still a crawler and couldn't quite keep up with Anne, but she is now walking and our return visit to the Pullens' later in the summer should prove quite interesting. On that visit we are hoping to see Susan and Susan Turner Weaver who are coming from Calif. for a visit with their families in Pa. We're looking forward to a reunion with them also.

I had a postcard from Judy Betty Givens in July. She and Gary have traveled west from Denver this summer to Nevada and are teaching at their new school. I was written. She said they had taken in all the high spots and were having a great time. They too were planning to come east to visit their families in Va., so we hope to see them also.

I had a letter from Judy Finger Bradley, and I'll share her news with you. She was in such good luck this year. She wrote about her son, Judy, and her two children, Sarah (2½) and Garrett (1½) have lived in Temple Hills, Md. just outside of D.C., since Chris got out of the Marine Corps. Chris works for the Justice Dept. and Judy has been substitute teaching. She plans to continue substituting until both children are in school. Then she'll return to her own home in Maryland. Judy loves the D.C. area and spends many week-ends taking in points of interest and having picnics on the Mall. Judy has extended her stay in the D.C. area to call her at 894-7346 and come out for some of her good cooking. They have lately returned from a two week vacation in Italy. Judy and her husband, Genevieve drove down from Albany to see Judy. Ranna and husband Bob have two daughters, Lisana (4) and Nigelle (17 months). Bob left the Marine Corps last year because of injuries received in Vietnam and is now working as an engineer in Albany.

Carol Smith writes that she frequently taught with her former roommate, Gwyneth Thomas Sarfield. Gwyneth has been teaching physical education and has been working on her master's. She has a camper which does a lot of traveling. Gwyneth has been in the winter and owns some beach property for summer use.

More news from Judy Gay Harewood came in. She lives in May. She lives on the upper East side in NYC and enjoys her new work as an advertising assistant at Kenneth's.

Susan Jones wrote me to the Alumnae Office:

Wilma Lieberberg Baldwin and her husband welcomed their second daughter, Lee Ann, on August 21st, 1970. What a lovely gift! The Baldwins have moved into a new home on the water in Westport, Conn. "Temmie" Kovach's Chatard is expected to arrive in September, we hear. I would love to have a letter from her with the details of the good news.

I had a marvelous letter from Carolyn Hawker Ginsberg. She married Alan Ginsberg in 1967, and they have been living in New York "in a commercial loft which we converted into living quarters and a great studio." Carolyn recently had a gallery agree to handle her paintings, which have been in group shows. She says Alan's work is difficult to describe, but "he is involved in a private and spiritual situation," which means he considers investing capital in new companies (or ventures). It's lively and fun, especially since he became involved in the entertainment field recently and we've been spending a lot of time "digging folk-rock."

Also had news from Pat Pruitt Pawson. After MWC she and her husband worked for Harvard Medical School in health services. In 1966 she joined the Teacher Corps and spent 2 years in Providence, R.I. Teaching in a disadvantaged area and working on her master's, which she received in 1968. She returned to Washington area and has been a reading specialist with the Prince George's County, Md. Public Schools. She married Alan a physician in the Air Force in August, 1969. He was due to leave the service in July, so by now they may have located elsewhere. Do let us hear from you.

Please, please some of you long lost classmates drop a line to me or one of the other girls soon.

News that arrived in the Alumnae Office (We're including it now, rather than wait). A moderator called a playmate in the Air Force in August, 1969. He was due to leave the service in July, so by now they may have located elsewhere. Do let us hear from you.

travel to flea markets, and this winter I'll again have a booth at a Sunday Antique Mart as well as carrying some furniture in my home. I hope Chris will be out trying to start doing some shows. I'm really learning so much, and my biggest problem is that Carl and I always want to keep everything I buy. He travels quite often and I really appreciate all the long hours he spends caring for the children in his oft hours from the Pennsylvania Tuberculosis Commission.

"My little daughter was baptized in Richmond in late June, and I saw lots of old friends and heard news of others. Carolyn Gwyneth and I were in Washington on the day, and it was great to see her. She is a lawyer with the Interstate Commerce Commission which keeps her quite busy. I saw her in June, and she was at the moment, and when she returns, she'll head for Europe for the second time. She had lots of wonderful photographs from her first, and this second trip in particularly focused on the Alpine area. She hadn't heard from Jane Gideon Squires recently, but Jane was expecting her second child in the Spring. Gail Owen Waterford dropped by for a visit while we were in Europe. He was two in Dec. She looks great, and he is darling! She'll be teaching in Richmond in the fall, so she's a busy girl. She had a letter from her mother, who recently but suspects that she and Mike are on the West Coast.

"That same day we saw Nancy Seymour Campbell and Kathleen Pittman who both graduated in 1966. Nancy and Don live in Washington where Nancy has been doing some experimental team teaching. Kathleen teaches in the Washington Colonial Heights and seems to really enjoy it.

While in Richmond, I had lunch with Sharon Teach West with her picture of her husband, Ray, who was in the Air Force. She told me that she had three year old daughter."

Other news from Ruth Anne Bracelwell, who is married to a Navy man, and her husband, Ray, received his master's in computer science from Purdue in June, 1969.

Anita Wirthlin Price sent a marvelous letter. "After graduation in '65 I spent the summer in Europe and then returned to the teaching job at Spotsylvania High School as band director which I had begun second year in '64. I was recently married to Jim Price, a mechanical engineer at Dahlgren Naval Weapons Lab in September '66. He is from West Virginia. I retired from teaching in '69. I am now a church choir that I really enjoy working with."

"Since then I have been a full time housewife and mother until this year, now time clarinet and beginning piano in my home and I work as a band instrument field representative for the local music store. I also play the piano and sing in a church choir that I really enjoy working with."

"It's hard to believe it's been five years since graduation and never would I have thought I'd remain in Fredericksburg, but we have grown to like this town very much."

"You may be interested in Pam Cuthrell who was in our class but graduated in '64. Patricia and I were in the same class. I received her Ph.D. in guidance from U.Va., and Patricia received his law degree. They had a baby boy the end of May when they got home. They are now at Virginia Beach where Pete will practice."

And the last item came from Barbara Jones Bailey. "Wayne and I have two boys, Jason, a 4 and Lisa, age 3. We built a new house and moved into it in February."

"Mailey Petyshah Davis and Therman are expecting a baby this summer. It will be their first child."

I heard that Patricia Gode Murray has a new baby.

"I heard from Shirley Kohl Hirth '66 at Christmas. She has two girls, too—Tanya and Cathy."

You'll notice that the top of the column lists Flo and Penny as temporary agents. No address for Flo because she was in the middle of moving to Warrenton, Va., but did have a letter. Penny also had one. I have done a great job, but it's now time for someone else to pitch in and help. Now you volunteer to serve as a class agent? It's a five-year job. I've had a letter from a former classmate, but not really that bad. Sit down today and write the Alumnae Office to tell us you are willing to see the Alumnae News. If 1965 had a class officer and that you are volunteering your services as an agent. We'll be waiting to hear from you.

We would like to take this opportunity to thank everyone who answered our appeal for help in locating the lost alumnae who were listed among the "Missing Persons" in the March and June issues of the Alumnae News. Your assistance has enabled us to make a number of changes on the records in the Alumnae Office. To date, 448 "missing persons" have been found and their names placed on the mailing list of the Association. The response was very gratifying, and we were delighted that so many alumnae were interested in helping with this project.

Some of our active alumnae were surprised to see themselves listed among the missing persons. This happened in some instances because the alumna had been listed in the College bulletin with two different classes; in other cases, because there was a duplicate card for her (one filed under her maiden name and another filed under her married name); and in still other situations the alumna was placed on the list by mistake. In working with over 25,000 cards, it was not possible to avoid all errors. Please accept our sincere apology.

In sending along this word of appreciation, we would also like to ask for your continued support.

Below is an additional list of some of our "lost." If you know the whereabouts of any of these—or any others—please contact: Mary Washington College Alumnae Association, Attention: Records Section, Box 1315, College Station, Fredericksburg, Virginia 22401.
